**Re: Disposable Sanitized Wipes**

Dear Ms. Wiltjer:

This is to acknowledge receipt of the testing and approval information for the "TOS Away Wipes." It appears that this is a quaternary ammonia sanitizer which is EPA registered. The product would be acceptable for non-food contact surfaces and clean to sight sanitizing of food contact surface. This product is to be used as outlined by the manufacturer and for single use only. As outlined, the product would be approved in food service establishments in Kent County.

Sincerely,

A handwritten signature in black ink, appearing to read "Allan J. Kramer".

Allan J. Kramer, RS  
Supervising Sanitarian
